

JENNIFER INAUEN, Ph.D.

CURRICULUM VITAE, JANUARY 2018

Office Address:

Dr. phil. Jennifer Inauen
 Group Leader (Tenure Track)
 Eawag – Swiss Federal Institute of Aquatic Science & Technology
 Department of Environmental Social Sciences (ESS)
 Cluster: Environmental and Health Psychology
 Ueberlandstrasse 133
 CH-8600 Duebendorf
 Switzerland
 Phone +41 77 418 47 51
 jennifer.inauen@eawag.ch

EDUCATION

- 01/2013** PhD (summa cum laude) in psychology, University of Zurich, Switzerland (Prof. Dr. Hans-Joachim Mosler and Prof. Dr. Heinz Gutscher)
 Doctoral thesis: Theory-based promotion of safe water consumption
- 04/2008** MSc in psychology, University of Zurich, Switzerland
 Emphasis subject (Vertiefungsrichtung): Social- and Environmental Psychology
 Master's thesis: How prompts and public commitment affect the use of solar water disinfection: A time series analysis
-

ACADEMIC POSITIONS

- 09/2016 – present** Group Leader (Tenure Track), Environmental and Health Psychology, Eawag: Swiss Federal Institute of Aquatic Science and Technology, Dübendorf, Switzerland
- 01/2015 – present** Associated Researcher and Lecturer, Department of Psychology, Applied Social and Health Psychology, University of Zurich, Zurich, Switzerland
- 09/2016 – 08/2017** Adjunct Associate Research Scientist, Department of Psychology, Columbia University, New York, USA
- 01/2015 – 08/2016** Post-Doctoral Research Fellow, Department of Psychology, Columbia University, New York, USA
- 01/2015 – 08/2016** Visiting Scholar, Department of Psychology, New York University, New York, USA
- 09/2013 – 12/2014** Researcher and Lecturer, Department of Psychology, Applied Social and Health Psychology, University of Zurich, Zurich, Switzerland
- 04/2012 – 08/2013** Researcher and Lecturer, Department of Psychology, Developmental and Health Psychology, University of Konstanz, Konstanz, Germany
- 02/2009 – 03/2012** PhD Student, Department of System Analysis, Integrated Assessment and Modeling, Social Modeling, Eawag: Swiss Federal Institute of Aquatic Science and Technology, Dübendorf, Switzerland
- 05/2008 – 01/2009** Research Assistant, Department of System Analysis, Integrated Assessment and Modeling, Social Modeling, Eawag: Swiss Federal Institute of Aquatic Science and Technology, Dübendorf, Switzerland

HONORS AND AWARDS

- 06/2014** Fellowship for prospective researchers, awarded by the Swiss National Science Foundation
- 04/2010** Best poster award (IHDP) of the 11th Swiss Global Change Day
-

PROFESSIONAL MEMBERSHIPS

- 2016-** Member, Peer mentoring group ADI (Analysis of Dyadic Interaction)
- 2014-** Member, International Association for Applied Psychology (IAAP)
- 2014-** Member, Netzwerk Multimorbidität der Universität Zürich
- 2013-2014** Leader (2014) and member (2013), Peer mentoring group Methods and Statistics (MuSt)
- 2012-** Member, German Psychological Society (Deutsche Gesellschaft für Psychologie, DGPs)
- 2009-** Member, European Health Psychology Society (EHPS)
- 2009-** Member, Initiative Psychologie im Umweltschutz (Initiative Psychology for Environmental Protection)
-

FUNDS RAISED

- 06/2017** **Can intentions reduce the consumption of sugar-sweetened beverages in daily life? An intraindividual approach**
 PI
 Funding institution: Stiftung Suzanne und Hans Biäsch
 Amount: CHF 27'269
- 06/2015** **Documenting behavioral change in Peru in response to maps of lead contamination**
 Co-PI with Prof. Dr. Alexander van Geen, Columbia University
 Funding institution: Earth Clinic, Columbia University
 Amount: USD 30'000
- 10/2014** **Determining the effectiveness and mode of operation of CLTS: The DEMO-CLTS study**
 Co-I of Prof. Dr. Hans-Joachim Mosler, Eawag
 Funding institution: The Bill and Melinda Gates Foundation
 Amount: USD 641'809
- 06/2014** **Intention-behavior relations: An intraindividual perspective**
 PI
 Funding institution: Swiss National Science Foundation (SNSF)
 Amount: CHF 70'650
- 01/2014** **Handwashing campaigns in Zimbabwe and Burundi**
 Co-I of Prof. Dr. Hans-Joachim Mosler, Eawag
 Funding institution: The Swiss Agency for Development and Cooperation (SDC)
 Amount: CHF 627'148
- 12/2013** **Peer Mentoring "Methods and Statistics – MuST"**
 Co-PI with Dr. Pamela Rackow, University of Zurich
 Funding institution: Graduate Campus of the University of Zurich
 Amount: CHF 7'500
- 11/2012** **Why and when thinking about physical activity increases unhealthy eating: The role of Compensatory Health Beliefs, and habits**
 Co-PI with Dr. Theda Radtke, Dr. Laura Rennie, Prof. Dr. Urte Scholz, Prof. Dr. Sheina Orbell
 Funding institution: Konstanz/Essex Development Fund
 Amount: EUR 3'492

- 10/2010** **Revamping communication strategy and materials for arsenic mitigation through identifying behavior influencing key factors**
Co-PI with Prof. Dr. Yan Zheng; Dr. C. M. George
Funding institution: United Nations Children’s Fund (UNICEF) Bangladesh
Amount: USD 38'203
- 12/2008** **Analysis of the acceptance and use of arsenic mitigation options and evaluation of successful promotion strategies in Bangladesh**
Co-I with WRQ (Water Resource Quality), a cross-cutting project
Funding institution: Eawag Discretionary Funds
Amount: CHF 227'500

RESEARCH PROJECTS WITH INTERNAL FUNDING (SELECTED)

- 04/2015 - present** **Documenting behavioral change in Peru in response to maps of lead contamination in soil**
Before-and-after intervention study to investigate behavior change effects and mechanisms of lead-risk mapping in rural Peru. **Role: Co-PI.**
- 11/2014 – 12/2015** **Medication Adherence of Persons Living with Epilepsy: An Intervention Development Study**
Study to understand medication adherence of persons living with epilepsy to develop interventions to promote medication adherence. **Role: Co-I.**
- 09/2014 – present** **THEMSOS – Towards healthy eating with momentary social support**
Intervention study to promote healthy eating with peer support in everyday life. **Role: PI.**
- 01/2014 - present** **MEM: Medication adherence in the context of multimorbidity**
Investigation of the factors influencing intentional and non-intentional non-adherence of patients with multimorbidity. **Role: PI.**
- 01/2014 – present** **Handwashing campaigns in Zimbabwe and Burundi**
Randomized controlled trials investigating the effects and mechanisms of handwashing interventions. **Role: Co-I.**
- 01/2014 – 12/2014** **Peer Mentoring Group “Methods and Statistics – MuSt”**
Network of doctoral students and Postdocs concerned with fostering methodological and statistical skills and other academic competencies. **Role: Co-PI.**
- 09/2013 – 12/2015** **Monitoring Actions for Reduced Snacking (MARS)**
Randomized controlled trial investigating the effects and mechanisms of an action control intervention on high calorie snack consumption. **Role: PI.**
- 08/2013 - present** **Water, sanitation and hygiene interventions for cholera prevention and control in the Lake Chad Basin**
Design, implementation, and evaluation of behavior change strategies to enhance safe sanitation and hygiene practices. **Role: Co-I.**
- 07/2013 - present** **Promoting safe sanitation and hygiene behaviors in periurban regions in Senegal**
Design, implementation, and evaluation of behavior change strategies to enhance safe sanitation and hygiene practices. **Role: Co-I.**
- 01/2013 – 08/2016** **Intraindividual dynamics of health-related cognitions**
Intensive longitudinal study to investigate the dynamics of cognitions related to high calorie snack consumption. **Role: PI.**

- 12/2012 – 12/2013** **Why and when thinking about physical activity increases unhealthy eating: The role of Compensatory Health Beliefs, and habits**
Experimental study on the effects of (imagined) physical activity on eating. **Role: Co-PI.**
- 10/2010 – 12/2011** **Revamping UNICEF Bangladesh’s communication strategy and materials for arsenic mitigation through identifying behavior influencing key factors**
Design, implementation, and evaluation of behavior change strategies to enhance well testing and arsenic-safe water consumption. **Role: Co-PI.**
- 02/2009 – 03/2012** **Analysis of the acceptance and use of arsenic mitigation options and evaluation of successful promotion strategies in Bangladesh**
Design, implementation, and evaluation of behavior change strategies to enhance arsenic-safe water consumption. **Role: Doctoral student.**
- 01/2005 – 07/2006** **Campaign promoting solar water disinfection (SODIS) in Bolivia**
Design, implementation, and evaluation of behavior change strategies to enhance the dissemination of SODIS. **Role: Student investigator.**

REVIEWER ACTIVITIES

AD-HOC JOURNAL REVIEWS

Annals of Behavioral Medicine, American Journal of Tropical Medicine & Hygiene, Applied Psychology: Health and Well-Being, BMJ Open, British Journal of Health Psychology, Environment & Behavior, Environmental Science & Technology, Global Public Health, Health Education & Behavior, Journal of Environmental Economics and Management, Journal of Cleaner Production, Journal of Health Population and Nutrition, Journal of Medical Internet Research, Resources, Conservation and Recycling, Science of the Total Environment, Social Psychological and Personality Science, Journal of Water, Sanitation and Hygiene for Development, Water Research

PROPOSAL REVIEW

- German Research Foundation (Deutsche Forschungsgemeinschaft)
- European Research Council (ERC Starting Grants)
- Wellcome Trust
- Netherlands Organization for Health Research and Development (ZonMw) and Dutch Heart Foundation

OTHER REVIEWER ACTIVITIES

- 2018** Conference abstract review for the Division 8 (Health Psychology) track of the International Congress of Applied Psychology (ICAP) 2018.
- 2017** Track Chair (eHealth and mHealth) for the 31st Conference of the European Health Psychology Society.
- 2016** Behavior change expert participant in study on mechanisms of behavior change techniques (Human Behavior Change Project)

INVITED TALKS AND SYMPOSIA

- 07/2016** **Inauen, J.** (2016, July). *Health behaviors in context: The role of social and structural factors in self-regulation*. Invited symposium at the 31st International Congress of Psychology, Yokohama, Japan.
- 04/2015** **Inauen, J.** (2015, April). *Sustainable promotion of arsenic-safe water consumption: A psychological approach*. Invited talk at the Columbia University Superfund Research Program, New York, USA.

- 09/2014** **Inauen, J.** (2014, September). *Understanding medication adherence in the context of multimorbidity: A longitudinal study in everyday life*. Invited talk at the Geneva Aging Series: 3rd Edition on Recent Developments in Cognitive Aging, Geneva, Switzerland.
- 12/2011** **Inauen, J., & Mosler, H.-J.** (2011, December). *Evidence-based promotion of arsenic-safe drinking water*. Invited Talk at the National Water and Sanitation Technology Sharing Workshop, Dhaka, Bangladesh.
- 12/2011** **Inauen, J.** (2011, December). *A systematic approach to behavior change: The example of evidence-based promotion of arsenic-safe drinking water in Bangladesh*. Invited talk at the International Center for Diarrheal Disease Research, Bangladesh (ICDDR, B), Dhaka, Bangladesh.

TEACHING

Didactic education

- 06/2017** Teaching Skills Certificate of the Center for University Teaching and Learning, University of Zurich, Switzerland

Co-supervision of doctoral theses

- 04/2015 to present** Franziska Landes (Columbia University)
11/2014 to present Miriam Harter (Eawag)
09/2013 to present Jonathan Lilje (Eawag)

Summer schools

- 07/2017** Co-Lead of Summer school "Social Aspects of Sustainability", Eawag, Switzerland

Supervision of Master's theses

- 01/2018 to present** Vica Tomberge, Department of Psychology, University of Düsseldorf
05/2017 to present Seraina Huder, Department of Psychology, University of Zurich
09/2016 to 07/2017 Nevil Knöpfli, Department of Psychology, University of Zurich
01/2014 to 05/2015 Melissa Otter, Department of Psychology, University of Zurich
01/2014 to 05/2015 Angela Vizens, Department of Psychology, University of Zurich
01/2014 to 05/2015 Marina Bieler, Department of Psychology, University of Zurich
01/2014 to 05/2015 Laura Adagazza, Department of Psychology, University of Zurich
11/2011 to 11/2012 Max Friedrich, Department of Geosciences, Eberhard Karls University Tübingen
05/2011 to 06/2012 Miriam Harter, Department of Psychology, University of Freiburg
04/2011 to 05/2012 Andrea Stocker, Department of Psychology, University of Zurich

Supervision of Bachelor theses

- 09/2014 to 12/2014** Julia Singer, Department of Psychology, University of Zurich
02/2014 to 07/2014 Michelle Heuberger, Department of Psychology, University of Zurich
02/2014 to 07/2014 Stephanie Christinger, Department of Psychology, University of Zurich
09/2013 to 12/2014 Laura Daniela Fischer, Department of Psychology, University of Zurich
01/2013 to 09/2013 Johanna Böttinger, Department of Psychology, University of Konstanz

Graduate and undergraduate level courses taught

Fall 2017	Seminar 605j (SV5) Gesundheitsverhaltensänderung (Health behavior change), Department of Psychology, University of Zurich
Fall 2017	Ringvorlesung F7-1 (two lectures): Forschungsmethoden in der Praxis (Research Methods in Practice), School of Applied Psychology, ZHAW Zurich University of Applied Sciences
Fall 2016	Ringvorlesung F7-1 (two lectures): Forschungsmethoden in der Praxis (Research Methods in Practice), School of Applied Psychology, ZHAW Zurich University of Applied Sciences
Fall 2014	Seminar PraInt-1/K: Practical intervention – Developing and evaluating health behavior change interventions, Department of Psychology, University of Zurich
Spring 2014	Seminar TT-5/nK: Occupational Health Psychology, Department of Psychology, University of Zurich
Fall 2013	Seminar FDI-3/nK: Theory- and evidence-based development and evaluation of interventions to change health behaviors, Department of Psychology, University of Zurich
Spring 2013	Experimentalpraktikum II (Practical research for undergraduates), Department of Psychology, University of Konstanz
Fall 2012	Seminar: Scientific research “Do it yourself” I + II, Department of Psychology, University of Konstanz Seminar: Theory-based health promotion, Department of Psychology, University of Konstanz
Spring 2012	Seminar: Habits across the lifespan, Department of Psychology, University of Konstanz Seminar: Changing health-related everyday behaviors in developing countries, Department of Psychology, University of Konstanz Seminar PraInt-2/nK: Changing everyday behaviors in development cooperation, Department of Psychology, University of Zurich, Co-chair with Prof. Dr. H.-J. Mosler
Spring 2011	Seminar PraInt-2/nK: Changing everyday behaviors, Department of Psychology, University of Zurich, assisting Prof. Dr. H.-J. Mosler
Fall 2010	Seminar PraInt-1/nK: Changing everyday behaviors, Department of Psychology, University of Zurich, assisting Prof. Dr. H.-J. Mosler

LANGUAGE SKILLS

German	Mother tongue
English	Cambridge Certificate of Proficiency in English (CPE)
Spanish	Advanced skills
French	Advanced skills
